Readiness to Meet Crisis.

**Inaugurated Head of Princeton** University.

Gets LL. D., as Do President Taft

LUNCHEON IN THE GYMNASIUM

Representatives of 171 Educational Institutions at the

weather and a beautiful campus, groomed for weeks for this occasion, combined to make the inauguration of John Grier Hibben as president of Princeton University one of the most successful events ever held in Princeton. The steps of Old the ceremony, six thousand people or more being massed on the front campus which served as an natural ampitheater Promptly at 10:45 the academic procession, at the head of which were President Taft. President Hibben and Chief Justice White of the United States Supreme Court, started from Prospect, the residence of the Princeton president. The representatives of other universities and representatives of other universities and institutions followed, and the trustees and faculty of Princeton completed the pro-cesion of brilliant colored hoods and orders. The alumni followed the academic

The Princeton undergraduates massed in a body around the historic cannon back of Old Nassau, and lent a picturesque touch to the occasion by singing their old college songs as the procession proceeded on its way.

Parade of Undergraduates.

After those in the procession had taken their places on the platform in front of Nassau Hall the undergraduates paraded in a body to seats reserved for them. The seniors were in caps and gowns, the juniors wore straw hats, the sophomores caps and the freshmen wore their regular black freshmen caps.

After the reading of Scripture and prayer by Dr. Henry Van Dyke, Mahlon Pitney, '79, associate justice of the Supreme Court and trustee of Princeton University, administered the oath of office to President Hibben, after which John Aikman Stewart, former president pro tempore of Princeton president pro tempore of Princeton keys of the university to the new

President Hibben then rose to deliver his inaugural address, and was given an enthusiastic ovation that asted'several minutes.

President Hibben's Address. President Hibben spoke to the topic: The Essentials of Liberal Education."

His address, in part, follows: "We hear much today of the conservation of our national resources, our forests, the treasures of our mines and the vast material wealth of our land. But while we are emphasizing the necessity of a national economy, we should not overlook the fact that the task of conserving and of developing the resources of the intellectual, moral and spiritual power in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail, to deliver free spirits from the bondage of ignorance and of material impulse, from the bondage of ignorance and of material impulse, from the bondage of ignorance and of material impulse, from the bondage of ignorance and of material impulse, from the server in our national impulse, from the world—a man who can move more freely and familiarly in the move more freely and familiarly in the server in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail, to deliver free spiritual power in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail to deliver free spiritual power in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail, to deliver free spiritual power in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail, to deliver free spiritual power in our nation is the one supreme task. To conserve these powers, to cause them to develop and to prevail, to deliver free spiritual power in our nation is the one supreme task. To conserve the second to the second task to be a suprementation of the school box into a man of the world—a man who can make the second task to be a suprementation of the school box into a man of the world—a man who can make the second task to be a suprementation of the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can make the school box into a man of the world—a man who can ma the bondage of authority, of tradition, of public opinion, of passing fashion and of prejudice, and to direct these liberated human forces to the highest ends, that is the art of education. "One who is to maintain the health and growth of his intellectual life must come at some later period in his development to delight in the tasks of

a faculty of teachers, is to choose that body of students which will best produce a spirit of devotion to the cause of knowledge and of joy in its service. To this doctrine, however, there are many who would enter a body of required studies whatsoever in a university, but that each student should follow his own free choice in

Belief at Princeton.

"In Princeton we believe that it is abschooling in preparation for the responsigroundwork to the serious tasks of free dents of the federation, presided over the session this morning. The question of practical efficiency. We believe, more financing the campaign of popular education in art was again brought are Vacint to the serious tasks of free investigation of original thought and of practical efficiency. We believe, more over, that the best preparation for the freedom of the life of reason is that group of studies whose very nature tends to the training of the powers of the mind, developing in a man both capability and resource, and at the same time giving him a knowledge of himself and of the world in which he lives. "He must be so led in the way of knowl nual meeting to consider the Borah bill edge that he will come to know something for the establishment of a national uni- of the human world in which he lives, versity, reported progress. Chairman something also of the world of the past, Brown announced that there had been no whose achievements are his heritage, opportunity to examine the proposed legislation in view of the fact that the original measure had been redrafted by its friends and had only recently been returned to Senator Borah, sponsor for the measure. He said that the university, ac- which possesses universal meaning and

"Not only the human world but also

the world of nature must be a part of this general body of knowledge. In these

This affidavit states:

"I left the steamer together with Mrs."

Warren Memorial Church, and members keepsakes to friends, after his father and his brother, William Harris, jr., shall have made their selection of articles desired by them.

Mrs. Harris' affidavit to her husband's death is signed with a faltering hand.

This affidavit states:

"I left the steamer together with Mrs."

"I left the steamer together with Mrs."

"I left the steamer together with Mrs." also some instruction in the beginnings of logic and psychology, at least to the extent of leading the student to understand the workings of his own mind and the laws which govern the processes of reason. After this early period of required studies the liberty which is born of discipline can be wisely encouraged.

"I left the steamer together with Mrs. Thorne to enter a collapsible boat, which was the last boat to leave the steamer. At the time we both left to enter the boat my husband was standing on the deck of the Titanic. Within a few moments after we had struck the water, and while the Titanic was in full view.

I saw it sink contained accommodations.

"We can get comfortable lodgings for the whole assembly in boarding houses within two blocks of the church," said Dr. Webb. "t will not be necessary for anybody to make arrangements for quarters before he reaches Louisville, even if he waits until the opening day of the assembly, May 16."

signed for the purpose of fitting a man directly for the daily duties of his future work in life. It should attempt to develop the whole man. No faculty of the mind can be satisfactorily trained in isolation. There must be a symmetrical growth of all faculties.
